I say no to more casinos if a city does not wantHartford could put one in next to the ball park,Brigeport on the water front,...That is enough..but you now drop the toll idea..since more people will be on the road to the casinos all revenue will go to road and highway improvement..and no body gets wage increases..With NO tolls the feds must still payup our yearly maintance fee.....WELFARE CARDS CANNOT BE USED TO GAMBLE...EDWARD F.
